

Urbanna Harbour News Letter Second Quarter 2010

YACHTS RETURN TO THE NEW DOCKS

Great news, we will soon be snugly back in our berths are UHYC. The new docks are awesome and I think your board is to be congratulated on a job well organized. It has been a long hard winter for those involved in getting this \$2m project completed and your continued support is appreciated.

July 3 Cookout

Make sure you have made your reservations for this event which is sure to be great fun and a great start to summer.

Welcome to two new Board members

We are pleased to welcome David Laughton - New Dock Committee and Woody Davis - new slip owner and homeowner to our Board. These two new members will be a great asset as we move forward with our future plans for UHYC. Woody has been a past treasurer of the Urbanna Homeowners and will be a member of our Finance Committee as well as our Maintenance Committee. Thanks to you both for taking on this work.

Maintenance

By now you will all have received your key to the pool. Phil Mullins has been very busy during the last months getting everything up to scratch. When you next visit you will see new rose bushes, new decking on the club house both back and front and a French drain installed in front of the bathrooms at the south end. The car park at the south docks of UHYC has been resurfaced ready for summer use.

Mooring Pilings

We apologize for the delay in getting order forms out for the mooring pilings - a form is attached to this news letter. Please return your form to us and we will let you know when this work will begin.

**URBANNA HARBOUR YACHT CLUB
ORDER FORM FOR MOORING PILINGS**

IT IS UP TO EACH SLIP OWNER WHO WANTS MOORING PILINGS TO CONTACT THE PERSON SHARING THE SPACE WITH THEM BETWEEN THE TWO FINGERS PIERS IN ORDER TO ASCERTAIN IF IT IS POSSIBLE TO SHARE THE COST. IF THE PERSON YOU ARE SHARING THIS SPACE WITH DOES NOT WANT THE MOORING PILINGS THEN THE COST WILL FALL TO YOU.

I WOULD LIKE TO ORDER MOORING PILINGS TO GO BETWEEN.

SLIPS# _____ AND # _____

I UNDERSTAND THAT THE COST OF EACH PILING IS \$450 AND THAT I WILL BE INVOICED LATER FOR THIS PRIOR TO INSTALLATION.

Owner of Slip _____
