FIRST QUARTER NEWSLETTER 2012

We hope you will all enjoy a good sailing season in 2012. Now what happened over the winter?

Welcome home to the Canada Geese - we await their offspring. Their young also came back but they have now all been sent off and we are left with the older parents who will soon be laying.

LIGHTS ON THE NORTH DOCKS

Over the winter we struggled with a problem on the north docks when the lights did not work and when we got them all going - off they would go again. So we (specifically Phil Mullins) struggled with trying to find out exactly what was wrong and would you believe it - we found a squirrel nest on one of the pontoons between the pontoon and the wood decking. They had chewed through the electrical lines and consequently we had to do some major rewiring -we got rid of the nest and the squirrel and now we have something else to keep an eye on!

NOTES FROM THE TREASURER

You will all have received your dues invoice for 2012. We thank all of you who made early payment, which certainly helps us as our funds run down towards the end of the year. Thank you too for returning your budget to us - if you have not sent in your budget form please don't forget to do so before our annual general meeting in May.

ANNUAL GENERAL MEETING 2012

We hope you will all attend our AGM which will be held in the clubhouse on May 5. Notification was mailed to everyone along with the dues invoices in January.

During the AGM we will advise you of the vote count on our membership ballot. If you have not returned your ballot and would like your vote to be counted please either mail it off or email your choices. We will be welcoming 2 new board members to join us and we will be saying our thanks and goodbye to Ed Fisher. Ed made a major contribution in getting our new docks underway - working out all the financing and drawings. Locally Ed is well known for his support of Habitat and many other organizations.

THE DOCKS

I am sure you are all as pleased as the board on the wonderful performance so far of the docks. They have stood up to some quite hefty winds and very high tides, and it is such a pleasure to be able to step aboard one's boat relatively easily.

The docks will be dewatered April 1. Keep an eye on the website blog to keep up to date with happenings at UHYC.

The pool will be open for Memorial Day weekend

PERSONAL NOTES

In February we said goodbye to Hal Leinbach (slip 68). Hal was 87 years old and was a good friend to UHYC for all of his years amongst us.

Robert and Susan Hoar's (slip 59) daughter will be getting married in April - good wishes to their family.

Bob and Susan Fitch (slip 101) thankfully saw the return of their son from Afghanistan - how we appreciate our wonderful young men serving overseas.
