

## USE OF THE UHYC CLUBHOUSE

Welcome to UHYC clubhouse. This facility is available to all slip holders on a first come basis. Please read our regulations listed below and we hope you will have a great event:

The door will be open when you arrive – the last person out should ensure that the door is locked. The clubhouse will be opened for you on the day of your event, and we ask that after your event is over the clubhouse is tidy and locked.

The slip holder using the clubhouse is responsible for any damages caused by any of their guests. Urbanna Harbour Yacht Club is not responsible for any accidents or injuries that occur to any of the guests.

### Off Limits

The clubhouse has a limit of 50 persons and the deck overlooking the pool currently is off limits.

Use of the pool is not included as part of this reservation.

### Your Responsibility

Parking is only available in the parking lot – no street parking allowed in the neighborhood.

Disorderly, noisy, unpleasant behavior is not allowed. If this is observed the guests will be asked to leave. Glass bottles are dangerous – make sure they are disposed of properly. The vacuum cleaner is in the cupboard ready for your use at the end of event. There is one trash can in the clubhouse which will have a plastic liner. If there is no liner, you can get one from the cupboard – do not allow trash to be placed in the trash can if there is no liner.

Under no circumstances should anyone alter the setting on the thermostat as this also controls the temperature in the bathrooms.

Finally – make sure the trash can liner is removed and placed in the dumpster in the parking lot.

I have read and agree to abide by the above.
